June 14, 2011

Dear Carol,

On behalf of the Professional Placement Network (PPN) and WorkForce One we thank you for your seminar on April 4, 2011 on “Motivational Interviewing”. All 60 attendees loved your presentation and found the information relevant to their job search efforts.

All of your advice on the subject was empowering. Customers were listening to everything you said as I know you experienced yourself through their interactions, quick responses, and openness to share their interview stories.

Carol, you are a highly skilled presenter and subject expert on interviewing from both sides of the desk. I hope we have the opportunity to have you speak again in the near future. Thank you again for sharing your time and expertise.

Sincerely,

Susan Leventhal
Regional Professional Placement Network Director
